PRODUCT RANGE

PRODUCT FEATURES

- Indofigur with its **attractive patterns and limited visibility** will add to decorative effects and beauty.
- Light going through Indofigur will be transmitted at various degrees at diffused light and **creates many different atmospheres** of light and shade
- Specially for Indofigur non glare, it can **reduce glare for picture frame application.**

PRODUCT APPLICATIONS

- Window partitions, screens, doors, furniture, fluorescent fixtures of residence, offices, hotels, shops, restaurants, and all other commercial and industrial buildings where decorations is desirable.
- Place where it necessary to let light through but obstruct the line of sight, e.g. bathrooms
- For picture framing, non-glare will enable the picture to be seen without reflection from any angle.
